REQUEST TO USE COMPUTER READABLE FORM FROM APPLICATION AND
DECLARATION

Commissioner for Patents:

The computer readable form in this application is identical with that filed in Application Number 09/851,670 filed May 8, 2001. In accordance with 37 C.F.R. § 1.821(e), please use the only computer readable form filed on August 31, 2001 for Response to Missing Parts in that application as the computer readable form for the instant application. It is understood that the Patent and Trademark Office will make the necessary changes in the application number and filing date for the computer readable form that will be used in the instant application.

Also enclosed is a paper copy of the Sequence Listing filed in the 09/851,670 application. I, Jane E. R. Potter, in accordance with 37 C.F.R. § 1.821(f) do hereby declare that, to the best of my knowledge, the content of the paper entitled "Sequence Listing" and the computer readable copy contained within the floppy disks in the prior application are the same.

I declare further that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Respectfully submitted,
Christoph Reinhard et al.,
